

WE MUST STAND TOGETHER TO WIN

We won a strong tentative agreement this week on Leaves of Absence, Article 19 in our contract. We won the right to take two additional days of bereavement leave without having to use our PTO. We now get three days bereavement. With the TA we can take five. We can use PTO for the last two or take them unpaid.

We also secured increases in differentials for Precepting and Relief Charge.

Management increased their wage proposals, but not enough. We made a counter.

Expect to hear more about our proposed next steps in the next few days.
