Bargaining Update #1 August 23, 2017

Over the last two days of negotiations, management presented their health care proposal. It's a complex proposal, based on combining our current HMO and POS into a new plan.

Our bargaining team and members who attended asked clarifying questions. We will continue to do our due diligence to protect and preserve the best benefits we can for our members and ensure that coverage is maintained at all the right levels.

Numerous SFRNA members came through to observe. We also received support from members of other UNAC/UHCP affiliates who attended—including the Presidents of SPNN and Kaiser Panorama City, plus members from Kaiser Downey and Orange County.

Upcoming Bargaining Dates:
September 5 at 12:30 PM
September 6, 19, 21 and 27

Top: SPNN & Downey drop in. Middle: Kaiser OC stops by. Bottom: Night shift spends morning at negotiations instead of going home to sleep. Left: Panorama City represents. Right: SPNN Prez Jay O'Brien.
