HAWAII THERAPISTS

Hawaii Therapists Bargaining Begins

Our bargaining team kicked-off virtual bargaining with Kaiser Permanente Hawaii management this week on September 15 & 17, 2020.

The team is excited to start negotiating and is working hard for our future and our profession. Thus far, we have established ground rules for bargaining and have present proposals on non-discrimination, courtesy, union meetings, harassment and bulletin boards. The next bargaining dates are: September 22, 25, 29, and October 1.

Our team is clear that improvements in working conditions, pension protection, job security and wage increases are the most important among the issues we will tackle.

As we continue to navigate our new norms in the world of COVID-19, we must hold bargaining sessions virtually. If you would like to attend a session, please contact Vanessa Caballero at vanessa.caballero@unacuhcp.org at least 24-hours before the bargaining session.

We will continue to send updates on the progress at the bargaining table. **Stay tuned!**
