WEEKENDS ON THE TABLE

Our **Green Bargaining Team** engaged in tough bargaining on **Tuesday, June 1**, as we continued to discuss Hours of Work and Scheduling.

We expressed our strong interest in a staffing and weekend scheduling process which allows for pre-planning, is predictable, transparent, and considerate of the importance of work-life balance.

Our patient-focused perspective recognizes that therapists must have the chance to recover their internal resources in order to provide the best care. "Work-life balance" is not just a phrase, it's a patient care strategy. When we support our caregivers, we support our patients.

Unity is Our Strength

Our bargaining team appreciates all the support they're getting from therapists in our worksites.

Wearing blue or green on bargaining days shows your support for the bargaining team. Keep the photos coming! That's how we win a strong contract.

Next week our **Blue Bargaining Team** will continue with seniority, professional practice committees, job bidding and posting.

Green Team negotiates next on **June 13**.
