

BARGAINING UPDATE #13

August 21,
2020

UNITED PHARMACISTS OF HAWAII

UNHCEH

UPHI

HI Therapists

Our Negotiation Team is Hard At Work!

The United Pharmacists of Hawaii (UPHI) met again with KP management on August 18 - 20, 2020 to continue bargaining for a first contract.

Thus far, we have continued to have intense dialogue with management and were able to reach an additional Tentative Agreement (TA):

- **Job Postings and Filling of Vacancies** - Provides a fair and clear process for members to transfer to other positions within the bargaining unit. Also, this agreement provides a trial period to test out a new job and allows members to return to their old position if they don't like the new position.

Next week, your bargaining team will continue striving to reach agreements to improve conditions in the workplace.

Reaching our first contract isn't easy but having a seat at the table means we have a definitive say in our future at KP. **Stay tuned for more updates!**
