

BARGAINING UPDATE #18

January 21,
2021

UNITED PHARMACISTS OF HAWAII

UNHCEH

UPHI

HI Therapists

Scheduling on the Table

Our United Pharmacists of Hawaii (UPHI) bargaining team met with KP management again on January 12, 13, and 19, 2021 to continue negotiating a contract.

Earlier this month, our bargaining team submitted a comprehensive proposal that addresses our top priorities to management. Over the last three bargaining sessions, management has reviewed our proposal and opened discussions on scheduling.

This language on scheduling will outline a fair and equitable process of creating and maintaining scheduling between full-time, part-time and per-diem members. While important differences remain, we plan to continue working collaborating with management to reach a tentative agreement on scheduling at our next bargaining sessions.

Our bargaining team is standing strong for a new contract that will result in improvements at KP in Hawaii and will ensure that quality services are delivered to patients.

Stay tuned for more updates!

Upcoming Bargaining Dates: February 9, 10, 18, and 19
