UPHI AND NATIONAL NEGOTIATIONS CONTINUE

Bargaining for our first contract continued through May and June.

We've gotten into the toughest part of negotiations: economics. That is, any proposal which involves a monetary cost.

That includes wages, benefits, such as our health plan and retirement, hours of work, PTO, leaves of absence, per diem conversion, and alternative work schedules.

Even as our bargaining advances, negotiations are going on simultaneously between UNAC/UHCP, with our partners in the Alliance of Health Care Unions (AHCU), and Kaiser Permanente for our national agreement.

It's likely that our negotiations and the national negotiations will come into alignment later this summer. It's expected that the national negotiations will reach a new agreement by the expiration of the current national contract on September 30.

Stay tuned for more updates!

Upcoming Bargaining Dates:

July 9, 12, 21, and 28.
