THUMBS DOWN TO PRIME'S 2% WAGE OFFER!

BIG WIN ON BULLETIN BOARDS

Bulletin boards are an important way for us to communicate with our members. But in the past, management changed the locks and tore down all our materials without notice. Yesterday, we won language that ensures they won't change the locks and take down our materials.

We submitted 12 contract articles to management yesterday, including a counter to their compensation proposal of 2%.

UNAC/UHCP President Charmaine Morales, RN, came to bargaining yesterday in solidarity with St. Francis RNs.
